Getting Here:

The Itinerary

Due to the continued COVID safety precautions and for your ease of travel the r/t flight between Anchorage and Dillingham on Katmai Air PC12's is included in your package. The only other option for travel in and out of Dillingham would be on a private aircraft.

To reach our lodge is pretty straight forward. Fly from your nearest airport to Anchorage, Alaska. Katmai Air will pick you up from the airport or your hotel for your flight from Anchorage to Dillingham (DLG), approximately one hour and twenty min flight time. In Dillingham, you will be greeted by our staff who will transport you and your luggage to Lake Aleknagik by our own private shuttle vans. Once you reach the lodge, the staff will whisk your gear to your room, while you say hello to the host and then pick up your fishing license and sample the yummy appetizers. All trips start and end on Friday, therefore, we request that you ARRIVE in Anchorage before 2:00 pm (or overnight the night before) and not plan a flight before 3:00 PM from Anchorage on your departure day. In bound flights to Dillingham leave Anchorage at 3:00 pm and out bound flights from Dillingham to Anchorage leave at 10 :00 am. We recommend the later departure out of Anchorage in case of weather or equipment delays. If you have stayed with us before you know early morning fog can happen in Dillingham. Please remember to pack light due to weight restrictions. Remember we have a laundry service that is included in your package.

Flying Private

The other alternative is to fly from your starting destination right into Dillingham (PADL)/ (DLG). Our vans will scoop you up right off your plane and transport you to the lodge. If you need help in arranging a private charter please let us know as we would be happy to put you in touch with reputable flight teams.

THIS NUMBER WILL RING STRAIGHT TO THE OFFICE.

If it is an emergency the line is available 24 hours- otherwise we ask that you call during normal business hours of 7AM-9PM Alaska Standard Time. *Lodge Managers get grumpy if called in the middle of the night just to say "HI!"*

BEVERAGE OPTIONS

The lodge has a variety of beers and liquors, however we recommend that if you have a favorite beverage of choice you might want to consider bringing it along. Remember we are in the bush, and once you get there it may not be possible to get those “extras” you may have forgotten.

What to Pack: Plan for the weather

Dressing in NON-COTTON moisture wicking layers is the recommended and sensible way to dress or remote Alaska. The weather at the lodge may be one

way and completely different at your final destination. In your room, you will have a checklist for your daily fishing destination and we provide each angler with a waterproof bag, ear plugs for the airplane, re-usable water bottle, and personal coffee thermos for your use during your stay. We ask that you limit the items you take with you daily to what can fit in your dry bag because of weight and balance issues on our aircraft.

FAQ: Continued...

Q: WHAT KIND OF AIRCRAFT DOES THE LODGE USE AND WHAT IS THE SAFETY RECORD?

A: The lodge operates three (3) De Havilland Beavers on floats. Our safety record is without injury incident the last three decades of operation.

Q: HOW FAR DO YOU TRAVEL TO DAILY DESTINATIONS?

A: We will have so many destinations it is hard to answer this question. Your destination travel time will be anywhere from 10 minutes to one and a half hours. Much of this depends on winds and weather. In a normal week, you will generally only travel 20-40 minutes a day by plane each way. Some of our destinations are close and only a 10-40 minute boat ride from the lodge.

Q: WHAT ABOUT THE WEATHER IF WE CAN'T FLY?

A: We have several opportunities within easy boat access from the lodge. On a seasonal average, we have approximately three days in which the planes cannot fly at all. We will NEVER compromise on safety-EVER. If it is not safe, we DO NOT fly.

Q: HOW WILL WE TRAVEL ONCE WE REACH OUR DESTINATION?

A: Mission Lodge has over 40 boats stashed throughout the Bristol Bay region. Many of the destinations you will fly in and meet your guide who will be waiting for you with a boat. Other destinations you will fly with your guide and will have a boat at your destination. Some destinations will be accessible only by foot. All of this will be pre-planned the evening before and will be fully orchestrated by your professional guide.

Q: HOW BAD ARE THE BUGS?

A: It depends on the month and the season - Wet seasons are worse than dry seasons. Normally, unless you are hiking in the tundra, the bugs are not bad at all. They can be pesky at times in the evening on the deck if the wind is still. A good bug repellent with deet is highly recommended. Mosquito netting is normally not recommended, but if you plan on doing a lot of hiking, it may be a good idea. The lodge has bug repellent, but you are always encouraged to bring your own.

Q: WHEN IS THE BEST TIME TO COME?

A: Mission Lodge is only open during the prime fishing months and the prime weather months. Any time from June to September is excellent, it just depends on your desires. If you are specifically seeking certain species of fish or to view a particular animal then certain times are better than others. Please refer to the fish and animal viewing chart.

Q: CAN YOU ACCOMMODATE SPECIAL DIETS?

A: Yes, within reason. Because of our extremely remote location, certain items may be hard to come by - please make sure to fill out the questionnaire and return ASAP to forward our chef of your special needs. If we cannot accommodate your needs, we will advise you in advance.

Q: HOW MANY PEOPLE CAN THE LODGE ACCOMMODATE?

A: 24 guests is our maximum, most weeks we host no more than 20 guests.

Q: DO ALL ROOMS HAVE PRIVATE BATHS?

A: No, we have 19 private guest rooms, 6 rooms with completely private baths and 13 with a shared bath in between rooms. We have found that majority of our male clients do not mind sharing bathrooms but enjoy having a private bedroom.

Q: DO WE HAVE TO PAY EXTRA FOR A PRIVATE BATH?

A: No (unless it is the "owners suite") private bathrooms are given to couples first and then to returning clients. If you would prefer a private bath please make sure to make a note upon booking. Requests will be handled on a first come, first serve basis given the above priorities.
